Graduation Project

Fall 2007/8
Mid Term Assessment

Research Proposal
by
16 November 2007

Students must select their graduation project topic and have it approved by their supervisor.

For mid term assessment of your progress you will write a research proposal.

This document must be submitted to your Graduation Projects Co-ordinator by 17th November 2007. This assessment forms 15% of your final grade for this course.

Graduation Projects Co-ordinator : Prof. Dr Hüseyin Oğuz
Asst. Önder Onursal

A Research Proposal should include the following:

- Student Number & Name
- Supervisor's name
- Project Title
- abstract
- Introduction to Project
 - overview
 - objectives
- literature review
- feasibility study
- methodology
 - design
 - implementation
 - testing
 - evaluation
- project planning
 - division of work
 - Gantt chart
- Tools to be used in Project
 - hardware
 - software
- conclusions and recommendations
- references
- bibliography
- appendices
