WELCOMING GUIDELINES, TRAVELLING RULES & REGULATIONS

EVERYTHING YOU NEED TO KNOW

****A special note for newly registered International Students as they will have the opportunity for late arrival until the end of December 2021.*

Dear EUL Students,

As we are approaching the Academic Year 2021/2022, the European University of Lefke has taken all necessary precautions and measures to create a safe campus atmosphere in the aim of having a healthy education life on campus.

Since EUL's formal announcement has been made for this year's education model, we now need to help guide you every step of the way to ensure you are fully prepared for your travel as well as helping you navigate your way through all necessities involved prior to your arrival and your first period upon arrival to the Turkish Republic of Northern Cyprus. This will include important factors such as entry regulations, quarantine process (if applicable), filling out necessary forms, highlighting guidelines to ensure a safe and efficient travel etc. Most importantly all regulations involved are the decisions of the TRNC Council of Ministers and need to be followed accordingly.

As we are still going through the COVID-19 Pandemic, we trust that you will protect yourself as well as your surrounding and make sure you follow all announcements on a daily basis for developments regarding the COVID-19 outbreak.

Exams of all courses for the Fall Term of Academic Year 2021/2022 will be conducted on campus meaning it is your responsibility to determine the date of your arrival accordingly also taking into consideration if general or home quarantine is applicable for you. It is highly recommended that you follow guidelines of our 2021/2022 Academic Calendar placed on our website at <https://www.eul.edu.tr/en/> in order to help you make a healthy decision of when to do what.

Always remember to practice COVID-19 regulations.
