

## 2025–2026 Academic Year Fall Semester

### “Academic Staff Teaching and Learning Activities Evaluation Survey Results”

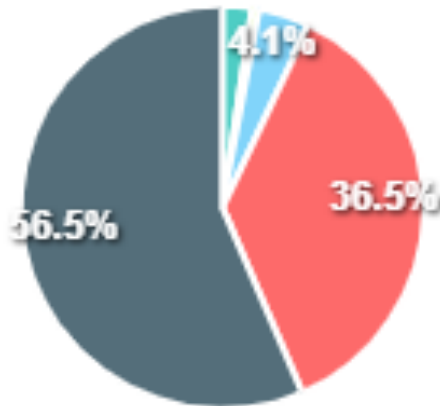

#### Likert Scale:

- Kesinlikle katılmıyorum / Strongly disagree
- Katılmıyorum / Disagree
- Kararsızım / No opinion
- Katılıyorum / Agree
- Kesinlikle katılıyorum / Strongly agree

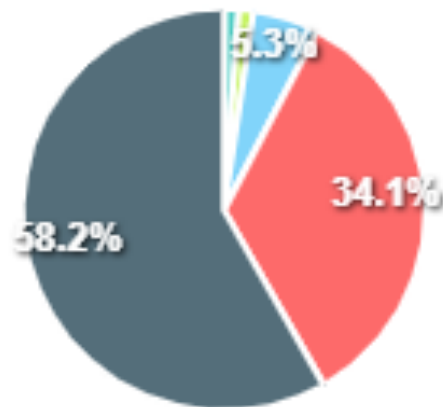

1. The course content clearly and accurately reflects the intended learning outcomes.

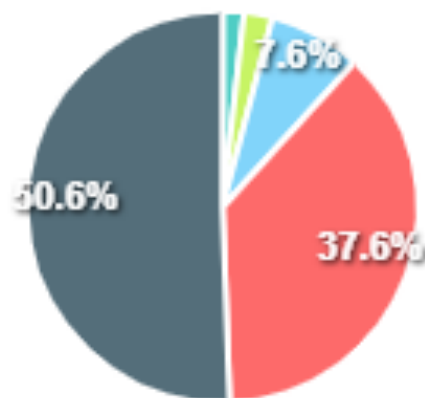

2. The course materials (books, presentations, videos, etc.) are sufficient to support the topics covered.

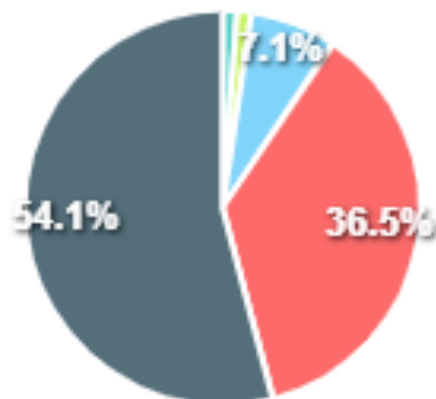

3. The course content contributes appropriately to the student's academic and professional development.

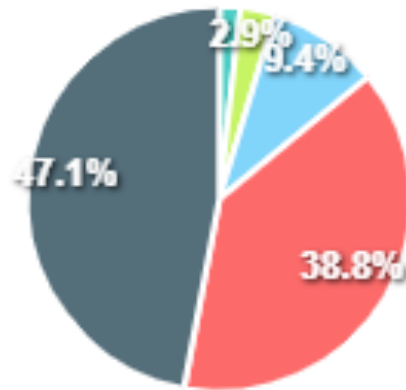

4. The scheduled class hours are sufficient to explore and discuss the topics in depth.

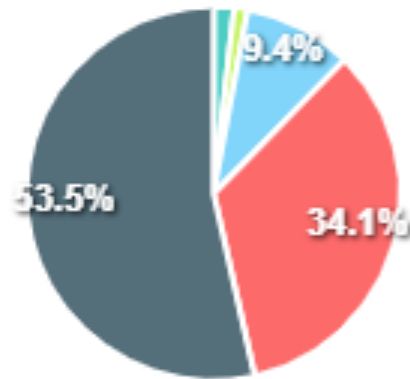

5. I use teaching methods that help students develop critical thinking and problem-solving skills.

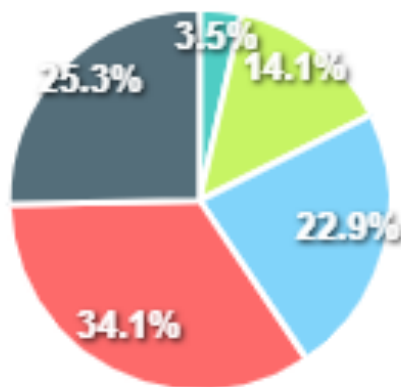

6. I apply a variety of teaching methods to reach students with different learning styles.

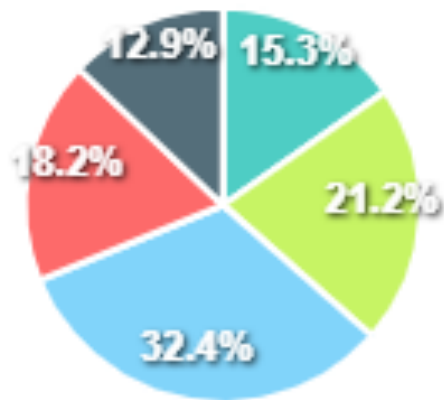

7. I create a classroom environment that encourages student participation and interaction.

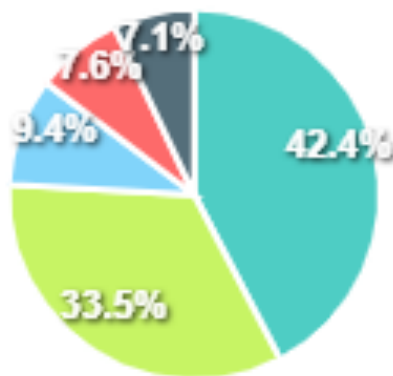

8. I receive administrative support in preparing, implementing, and evaluating teaching materials.

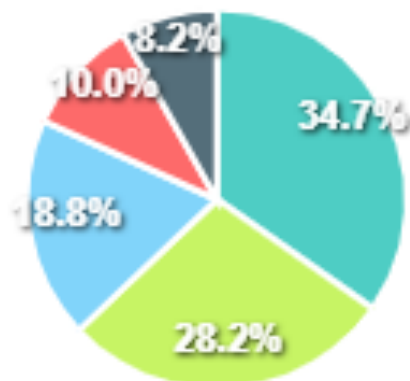

9. Do you experience difficulties using in-class equipment or technological tools (e.g., projector, smart board)?

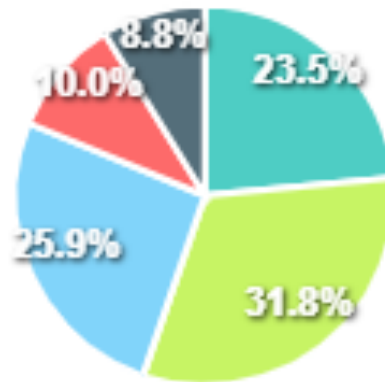

10. Do you experience difficulties using the Learning Management System (e.g., Moodle)?

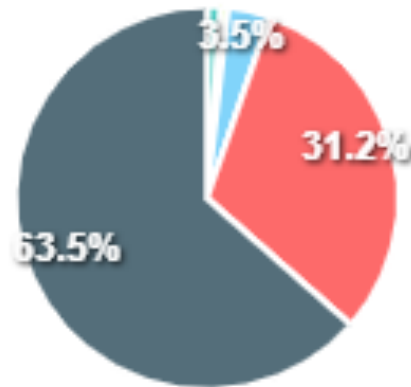

11. Do you experience difficulties using video conferencing applications (e.g., Microsoft Teams)?

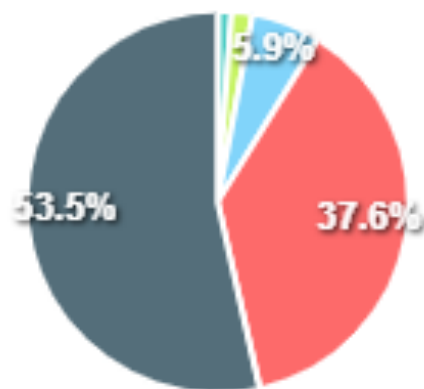

12. Do you experience difficulties using simulation or laboratory software?

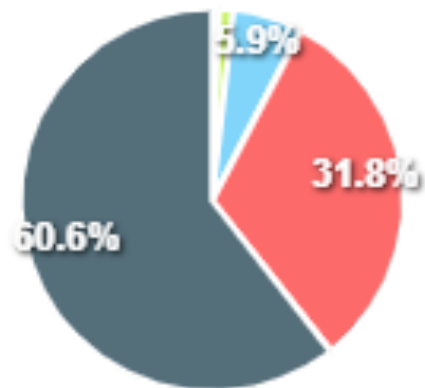

13. The grading criteria for exams and assignments are clear and consistent.

14. The feedback I provide to students effectively supports their learning.

15. The assessment methods I use (exams, projects, presentations, etc.) accurately measure the course objectives.

16. Please rate your level of satisfaction with the professional development opportunities provided by the university.
